"Behind every great man
stands a great... car."

The New ŠKODA Rapid. They'll love you for it.

Combined fuel consumption and CO₂ emissions for the Rapid model: 3.9–5.9 l/100 km, 104–137 g/km 

There are no medals for running a family. Having one itself is the greatest reward. However, we do have another reward for you. Something big and beautiful. We call it the ŠKODA Rapid. A family car that isn't dressed like one. Its pure, elegant contours and modern design make a bold statement. Just like you, we don't appreciate beauty without brains either. That's why we packed in enormous room and thoughtful features that make dad's job just that bit easier. Like side pockets for your mobile phone, an ice scraper on the fuel cap or hooks in the luggage compartment to keep shopping bags upright. Sounds good? Then visit your nearest authorised ŠKODA partner. That's what a great man would do.
